Sales Success System

Finally a Lead and Client Management System That's Designed for Agents Just Like You And Fits You Like a Hand in Glove!

- ✓ **STOP wasting your valuable time.** Our system includes "**Mobile Mapping**". Your leads are automatically uploaded into your Success System and those leads appear on a map. Now you can plan your appointments to save you time and gas.
- ✓ **Sync your Google or Outlook calendars** so you're not double booking or losing track of your available time slots. Your system allows you to view both your personal and business calendar with one-click. Easily upload your current prospects or clients into your system. Email all of your leads and clients from within your system. You can even keep detailed notes for each person.
- ✓ **Set yourself apart with the power of a greeting card.** Seniors appreciate the thoughtfulness when someone sends them a card. You don't have to tell them that it only takes a couple of clicks and your "*Thank You*" or, "*Happy Anniversary*" or, "*Sorry I missed you*" card is in the mail!

Discover how our 'Agent Success System' can make it possible for you to see more leads and MAKE MORE COMMISSIONS?

Your online agent success system **saves you money** by including features that you would have to pay for some where else. When you log into your system here are just a few things you will be able to do.

-  **Manage your business calendar** so you never double book or set an appointment during personal time. Send an appointment invitation to each prospect and when they accept it books the day and time automatically into your calendar
-  **See all of your leads** categorized my week and month. Also, upload leads from other sources so you can easily manage them.
-  **Email any leads you choose** directly from your system. Edit your leads contact file with any detailed notes to identify where they are at in the sales process?
-  **Lead forgot the appointment?** Log into your system and with just a couple of clicks mail them a "Sorry you missed our appointment" card or any other message you choose
-  **Just closed a sale?** Send them a "Thank You" card. This feature is designed as an automated followup greeting cards system for 'Happy Anniversary' or "It's time for your annual review", or???
